Workpackage and activity	Earliest start date	Latest completion date	Outputs (clearly indicate deliverables & reports in bold)	Milestone	Responsibility
WORKPACKAGE 1: Project Management ***Objective:*** To co-ordinate and manage the work and day-to-day progress. To provide a communication medium between the centre and the funders. Consolidation of the project planning, control, progress and reports, milestone reports, financial statements and budgetary overviews. Coordination with international partners and associated entities.	01/09/06	31/08/08			**UoM**
1. Project Plan		**31/05/06**	**D1/1 Project Plan**		SA
2. Final report: Report on the project's achievements, findings, outcomes, and messages to the JISC community.		**31/08/08**	**D1/2 Final Report**		SA
WORKPACKAGE 2: Requirements Gathering and Evaluation **Objective:** Test data gathering, requirements analysis by users, set up of evaluation methodology, creation of gold standard	01/10/06	30/07/08			**EPPI / UoM**
3. Gathering test data for analysis	**01/10/06**	**31/12/06**	**D2/1 Test Data**		EPPI
4. Setting up evaluation framework	**01/12/06**	**30/04/07**	**D2/2 Report**		UoM
5. Creation of gold standard	**01/01/07**	**30/4/07**	**D2/3 Gold Standard**		EPPI
7. Final Report on evaluation	**01/06/08**	**30/7/08**	**D2/4 Final Report on Evaluation**		UoM

Workpackage and activity	Earliest start date	Latest completion date	Outputs (clearly indicate deliverables & reports in bold)	Milestone	Responsibility
WORKPACKAGE 3: Information Extraction **Objective:** Customisation of existing text mining tools for social science applications	**01/11/06**	**31/08/07**			**UoM**
6. Customisation of context free chunker	**01/11/06**	**31/3/07**	**D3/1 Customised tool**		UoM
7. Customisation of full parser Enju	**01/04/07**	**31/08/07**	**D3/2 Customised full parser**	**M1**	UoM
WORKPACKAGE 4: Document Clustering **Objective:** Use of document clustering software and integration into the NaCTeM pipeline	**01/02/07**	**30/07/07**			
8. Integration of document clustering software into pipeline	**01/02/07**	**30/07/07**	**D4/1 Document clustering**	**M2**	UoM
WORKPACKAGE 5: Summarisation **Objective:** Development of a scalable summarisation engine; integration into existing NaCTeM software infrastructure	**01/06/07**	**31/08/08**			**UoM**
9. Development of 1st prototype summarisation engine	**01/06/07**	**30/10/07**	**D5/1 Version 1 of summarisation engine**	**M3**	UoM
10. Scaling up engine and evaluation	**01/11/07**	**31/3/08**	**D5/2 Version 2 of summarisation engine**		UoM
11. Integration of summarisation engine into text mining pipeline	**01/04/08**	**30/06/08**	**D5/3 Version 3 of summarisation engine**		UoM

Workpackage and activity	Earliest start date	Latest completion date	Outputs (clearly indicate deliverables & reports in bold)	Milestone	Responsibility
WORKPACKAGE 6: Service Exemplar **Objective:** Development of service exemplar which demonstrates the full capabilities of the summarisation tool.	01/12/07	31/06/08			
12. Service exemplar for summarisation tool using requirements analysis (WP2)	01/12/07	15/07/08	**D6/1 Service exemplar**	**M4**	UoM
WORKPACKAGE 7: Dissemination **Objective:** Development of a Roadmap for availability of summarisation service, presenting work to conferences, organisation of a workshop	01/12/06	31/08/08			
13. Integrate the project into the NaCTeM web site		31/12/06	**D7/1 project web site**		UoM
14. Organise workshop		30/7/08	**D7/2 workshop**		UoM
WORKPACKAGE 8: Support for the Community Call **Objective:** Promote text mining through dissemination activities and engagement with user groups	01/11/06	ongoing			**UoM**
15. Engage with community	**Depends on time of call**		**D8/1 Prepare joint proposals**		UoM
